EDUCATION

2024 - 2028

SETHU INSTITUTE OF
TECHNOLOGY

- Bachelor of Engineering -
Electronics and
Communication Engineering

TECHNICAL SKILLS

- C, C++, Java, Python
- HTML, CSS, JavaScript
- Arduino, IoT Development
- VS Code, GitHub

SOFT SKILLS

- Problem Solving
- Logical Thinking

INTERESTS

- Drawing
- Photography

LANGUAGES

- English (Fluent)
- Tamil (Fluent)
- Hindi (Basics)

PROFILE

Electronics and Communication Engineering student with a strong interest in software development, web technologies, and IoT-based solutions. Skilled in programming languages such as C, C++, Java, and Python, along with web technologies including HTML, CSS, and JavaScript. Passionate about building hardware-software integrated projects and continuously improving technical skills to build innovative solutions.

PROJECTS

• OBJECT AVOIDING ROVER:

Developed an autonomous rover using Arduino and ultrasonic sensors that detects obstacles and automatically changes direction using a motor driver module.

• BLUETOOTH CONTROLLED ROVER:

Built a wireless rover controlled via smartphone using an HC-05 Bluetooth module and Arduino, enabling remote motor control.

• VOICE EMERGENCY SYSTEM:

Designed a prototype system that activates an emergency alert using voice commands integrated with Arduino hardware.

• PORTFOLIO WEBSITE:

Designed and developed a responsive personal portfolio website using HTML, CSS, and JavaScript to showcase projects and technical skills.

• AGRICULTURAL ROVER:

Built an autonomous rover using ultrasonic sensors to detect and avoid obstacles automatically.

CERTIFICATIONS & ACHIEVEMENTS

- Completed certified courses in C, C++, and Core Java.
- Participated and won in various symposiums and technical events.
- Received multiple academic and co-curricular awards during school years.
